

# DISABILITY INSURANCE

---

You depend on your income to cover the necessities of life (food, shelter, clothing, education, etc. If you are sick or get hurt and are unable to work you may have difficulty meeting your obligations and you could incur substantial out of pocket medical costs. If you're unable to work, disability insurance can provide you with a tax-free check. A disability not only prevents cash from flowing in, but it can also drain money from your savings. Your ability to earn a living is your greatest asset. Protect it!!!
