

THE COLLEGE TUITION BENEFIT

The College Tuition Benefit makes it possible for employers to provide their employees' children, grandchildren, nieces and nephews with a guaranteed college scholarship, at over one third of the National Association of Independent Colleges and Universities (NAICU).

All scholarships are funded by a network of colleges called the SAGE Scholar Network. 80% of the colleges have received an "America's Best" ranking from *U.S. News and World Report*.

Employers can provide this benefit at no cost to themselves or their employees when offering voluntary benefits or employee benefits from sponsoring insurers.
